

Wan, Weary and Worn Out

If You Feel Fagged to a Finish and Utterly Used Up Here is Quick Relief.

Don't Be Chained to the Hitching Post of Wearyland.

Half the people who meet complain of weary muscles, stagnant brain, jangled nerves, and a mournful desire to lay down and just quit. Most of these people have been using nervines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this worn out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

If you feel played out go to any drug store and ask for a bottle of S. S. S. Swift's Sore Specific. Here is a remedy that gets at work in a twinkling; it just naturally rushes right into your blood, scatters germs right and left, up and down and sideways.

You feel better at once, not from a stimulant, not from the action of drugs, but from the rational effect of a natural medicine just as active and just as timely as to a man who has been lost in the mountains, is about starved and comes across a settler just cooking a savory meal of good honest beef. Do not neglect to get a bottle of S. S. S. today. It will make you feel better in just a few minutes. It is prepared only in the laboratory of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Send for their free book telling of the many strange conditions that afflict the human family by reason of impoverished blood.

ECZEMA

Also called Tetter, Salt Rheum, Pruritus, Milk-Crust, Weeping Skin, etc.

ECZEMA CAN BE CURED TO STAY, and when I say cured, I mean just what I say—CURED, and not merely patched up for awhile, to return worse than before. Remember I make this broad statement after putting twelve years of my time on this one disease and handling in the meantime nearly half a million cases of this dreadful disease. Now, I do not care what all you have used, nor how many doctors have told you that you could not be cured—all I ask is just a chance to show you that I know what I am talking about. If you will write me TODAY, I will send you a FREE TRIAL of my ointment, soothing, guaranteed treatment that will convince you more in a day than I or any one else could in a month's time. If you are disgusted and discouraged, just give me a chance to prove my claims. By writing me today I believe you will enjoy more real comfort than you have ever thought this world holds for you. Just try it and you will see I am telling you the truth.

Dr. J. E. Cannaday, 1312 Court Block, Sedalia, Mo.

JESS WILLARD FOR BIG GAME

ATTITUDE KANSAN PEEVES CUTLER CONSIDERABLY

TOPEKA, Kan., April 4.—Jess Willard, the Kansas offering in heavyweight fighting circles, has deserted Charles Cutler and signed a contract with Tom Jones. This announcement was made this week and has been expected for two or three weeks. The first information in Topeka was received from Willard while he was here a few weeks ago.

The big Kansas did not believe that Cutler had the necessary standard in leading sporting circles to get matches with the leaders of the heavyweight class. Cutler is given credit for being a prince of good fellows, but Tom Jones is recognized as one of the best pugilist managers in the country and Willard was anxious to throw off the old and take on the new.

Tom Jones uncovered, Ad Wolgast and was responsible for the latter's success in making more than a barrel of money. Wolgast gives Jones credit for his success and there is not a fighter in the country but who would have jumped at the chance to fall under the guidance of Jones.

Cutler is peeved because Willard has deserted him and probably has a few good reasons to be. Willard is one of the best drawing cards in fighting circles and Cutler realizes that he would have made a large amount of money if he could have retained the management of the youngster. The pair has made money and a pile of it. Willard was hopelessly in debt when he began fighting about two years ago and he has been successful in paying off all his debts and has a few shekels left. Willard believes that he has paid Cutler well for his services and troubles.

Willard and Cutler were not working under a signed contract. Willard said, when in Topeka, that they had agreed to work together, until Cutler had "gone his limit." He values Cutler's friendship and said that to tell Cutler that "things were off" would be one of the hardest tasks that he was ever called upon to perform.

Refuses to Sign

Willard refused to sign articles of agreement for a fight with Gunboat Smith before the members of the Fairmount Athletic club of New York for the reason that he did not think the club was big enough to get as much money as some others might and for the reason that he wanted to get away from Cutler's management. Cutler accuses Willard of refusing to enter into an agreement to fight Bombardier Wells. Cutler claims that he had arranged to put Willard on with the gunner before Gunboat Smith had been given the offer.

Gunboat Smith defeated Bombardier Wells, the man with the glass jaw, and sent him back home and now thinks himself a bear. He is a bear, as far as the Englishman is concerned, but did any of the sports ever see a Britisher who would fulfill advance notices, excepting the veteran Charlie Mitchell? Even this man could not go the gait set by American pugilists and was knocked out by Jim Corbett before the former got his muscles loosened up.

Jess Willard has been resting and visiting at his home in Emmett, for several weeks, but went to Denver during the latter part of last week. He believes he can force matters to a close for a fight with McCarty by visiting the Pacific coast and is headed in that direction for that purpose. In addition to that, he wants to answer the appeal of the Pacific coast fans, who have been wanting him to make an appearance in that section of the country ever since he defeated McCarty in Madison Square Garden, August, 1912.

BASEBALL NOTES.

The New York Yankees have had a fine training season in Bermuda and should be able to deliver when the big game rings.

Artie Hoffman, Scoops Carey and Chief Wilson are playing championship ball in the outfield for the Pittsburgh Pirates.

The Athletics have been doing great hitting in the practice games. Murphy, Oldring, Collins and Baker being the big wallpapers.

Johnson, Groom, Hughes, Cashion, Ingle and Galia make up a pretty fifty pitching staff for Clark Griffith's Washington team.

The speed Janvin and Carlstrom are showing with the Red Sox makes it appear that Hack Engle and Neal Ball are doomed for the ax.

Manager Joe Tinker is considering a plan to take the Cincinnati Reds to Honolulu after the close of the regular season next fall.

John J. Jacks Grim, former big leaguer and of late a minor league manager, was declared insane recently by a commission of lunacy at Lynchburg, Va.

It appears now as if Shafer will supplant Fletcher as the regular shortstop of the Giants and that Burns will take Devere's place in the outfield.

Big Four of the Champion Red Sox Who Hope to Repeat

Stahl, manager and first base; Speaker, center field; Wagner, short and Joe Wood pitcher, are the big four by which the Boston Red Sox hope to retain the championship of the American League this year, and then the championship of the world in contest with the pennant winners in the National League.

Speaker is believed by many baseball experts to be as valuable a player as Ty Cobb of Detroit; while not so brilliant, they believe he is steadier. Wagner is fast proving himself almost as good at short as the famous Hans of the Pirates, while Joe Wood's reputation is fixed.

SHAPING PLANS FOR SWIMMING CONTESTS

CHICAGO, Ill., April 4.—Swimmers of this city expect to hold a monster water carnival in connection with the American Olympic games which are planned here for next July, and if the scheme materializes, as seems likely, the event should make history.

It is proposed by the men who are engineering the affair to build an immense open air pool and surround it on three sides by great stands, able to accommodate thousands of spectators. Interest in aquatics is intense here, thanks to the splendid success of the Illinois Athletic Club representatives in the winter's indoor championships, and it is believed that big crowds will attend.

The program will be elaborate. There will be races in free style, back stroke and breast stroke swimming, marathons, low and high fancy diving, plunging for distance, basketball, water basketball, other aquatic games and many novelty contests. Every one's tastes will be catered to. It is anticipated, too, that sanction will be granted by the Amateur Athletic Union to look for the meet some of the outdoor national titles events.

As soon as the negotiations now under way are concluded a committee will be appointed to seek entries and confidence is felt that the leaders of every district in the United States and some foreign stars will be carded for the various events. George Hodgson of Canada and Duke Kahanamoku of Hawaii, the most conspicuous figures at last year's Olympiad in Sweden, have signified their intention of visiting this country during the summer and the management has no doubt that they can be induced to time their trips so as to appear.

The success of the venture seems assured. The meeting of A. C. Rathel and Duke Kahanamoku in the springs, and of George Hodgson and Perry McGillivray in the distance swim, would alone prove sufficient attractions to make the public flock to the meet, for the hope has been fostered by recent events that the American pair may triumph over their formidable rivals.

According to the present plan, the pool will measure 110 yards in length. This will make officially acceptable as open water records any new marks established.

Fans, managers, players and scribes gathered the Three-I league circuit around at Peoria the other night and tendered a banquet to Harry McCormick, Peoria's new manager.

Lexington and Mayville, Ky., formerly of the Blue Grass league, have been admitted to the Ohio State league, an eight-club circuit for the O. S. L.

When Cy Barger, the former Superba pitcher, now with Newark, read that Ban Johnson had put the crusher on ball players writing baseball articles for newspapers, he let a roar out of him that could be heard across the State of Georgia. "Ball players are slaves," piped Cy, "and take it from me, there will be one grand fight some day and then we will all be free to do as we please."

AMARILLO HIGHS DEFEAT CLOVIS

NEW MEXICO CHAMPIONS LOSE TO LOCALS, NINE TO FOUR

The Clovis highs, pennant-winners for Eastern New Mexico, were given an edifying idea of what the royal game of baseball means as played in Texas, when they went down to defeat before the heavy hitting and superior team-work of the Amarillo Highs in the City Park yesterday afternoon.

Amarillo oratorically won the game in the outset, making five clean scores in the first inning. After that there wasn't anything like a look-in for the visitors, who fought gamely to the last, but without notable gains.

The score at the close of the contest was nine to four. Crotty's pitching was the sensational feature of the game. Twirling for three innings, he struck out eight men. This was accomplished with the backing of superb support. Tyler occupied the delivery spot from the fourth to the final inning, and his execution was of a sort which puzzled the New Mexicans and held the score down. Webster showed up well in his first game of the season.

For Clovis, Sables did good work in the box, and other excellent individual plays were made. The visitors were somewhat shy on stick work, a line of endeavor in which the locals evidence notable class. Charles Cradlington put a sizzler over the fence in the sixth, scoring Perry. It was good work, and met with the hearty approval of a large crowd of assembled and vociferous fans.

For the locals, Crotty, Tyler and Cradlington did battery work, for Clovis, Odum, Noble and Bayless.

The line-up follows:
Clovis—Bayless, c; Odum and Noble, p; Crawford, lb; R. Givens, 2b; W. Givens, 3b; Houchen, ss; De Greflenreid, H. Wood, cf; Smith, rf; Amarillo—J. Cradlington, and Gully, c; Crotty and Tyler, p; Madison, lb; Lanier, 2b; Sowder, 3b; Webster, ss; C. Cradlington, cf; Gully and Ineson, cf; Tyler, Blair, Perry, rf.

NORMALS HERE MONDAY FOR GAME WITH HIGHS

Advises were received last night from Canyon in the effect that the Canyon Normals would be here for a game with the Amarillo Highs next afternoon at 4:15 p. m.

The Normals recently suffered defeat at the hands of the Amarillo Highs, on their own grounds, and are coming up for revenge, which, according to the local contingents, they will fail to get.

Manager Griffith of the Washington team believes that his Cuban infielder, Acosta, is a coming big show regular.

POLO PLAYERS BEGIN PRACTICE GAMES

NEW YORK, April 5.—Practice games, which will have as their objective the putting on of the finishing touches to the work of the men who are to uphold the supremacy of America in the renewal of the struggles for the Westchester Polo Club cup, emblematic of the world's championship, begin today on the fields at Georgian court, Lakewood.

Matches will be played every Tuesday, Thursday and Saturday until well into May, with the events called at 4:30 p. m. each day. With upward of 1,000 ponies quartered at Lakewood, it is anticipated that there will be no dearth of mounts for the use of the American team. It is known that the English team will be in possession of about forty ponies, the pick of "all England," and these mounts, in combination with such exponents of the game as will make the invasion in quest of the cup are expected to accomplish the task set for them by the Duke of Westminster, the financial sponsor for the visit of the Hurlingham players.

Today's practice marks the beginning of preparations for a series which, on both sides, will mark more concentration toward competitive perfection and the training of mounts for which no pace will be too fast than has probably ever before obtained.

The acceptance by nearly a score of the highest handicapped men in the United States, which bespeaks their desire to take part in the preliminary practice, has been the means of instilling real enthusiasm into the coming practice series.

That the men finally to be chosen as the quarter upon whom the hopes of their countrymen will be set will have to be "fit" in order to make the team is an open secret, although it is conceded that the international tour of 1909 and 1911 will have first lien upon the places if their form is anything like that of those periods.

Among those who will be seen in the preparatory events, as made known by the acceptances, are Capt. Harry Payne Whitney, James M. Waterbury, Jr., Lawrence Waterbury, and Devereux Milburn, the team which brought the trophy back to America after it had been in possession of the Hurlingham Club since 1886. Joshua Crane, Foshall Keene, H. L. Agassie, Louis E. Stoddard, Maxwell Stevenson, H. W. Harrison, J. S. Phelps, H. C. Phelps, C. C. Rumsey, C. Perry Beadleston, Rene LaMontagne and F. S. Von Stade.

"Schoolmaster" Fisher, the New York pitcher, has discarded his spittles and in the future will depend upon speed and a fast breaking curve.

Bonnie Meyers of the Brooklyn team was given his first big league tryout by Manager McGraw of the Giants in 1909. Meyers showed great stuff with old Kelley's Toronto team last season.

Four well-known ex-major leaguers will manage teams in the new Northern league. The list includes Bob Felsch at Minneapolis, Tim Flood at Winnipeg, "Lefty" Davis at Winona and "Spike" Shannon at Virginia.

That Sense of Feeling Perfectly Dressed

There is a whole lot of satisfaction in wearing custom-made clothes. No matter who you may meet or where you are seen, you feel perfectly at ease upon any and all occasions. Custom made clothes NEVER fail to add dignity to your appearance and ease to your manner.

CUSTOM MADE CLOTHES Are Worn by the Best Dressers

There's nothing gaudy, nothing loud, nothing flashy about custom-made garments. They attract attention, but its FAVORABLE attention. They appeal to the tasty and are worn by the most particular men in every city.

We have 1500 of the newest patterns from which to choose.

There's no need for YOU to wear ready-made "hand-me-down" clothes when you can get strictly custom-made garments for the same price. You are paying from \$15.00, \$20.00 to \$25.00 for ready made clothes. And that's all I charge for the built-to-your-measure kind, although I give you a class of workmanship and a grade of material that is seldom found in garments selling under \$35.

But you don't have to take my word. A trial will convince you and you don't risk a cent in giving me the trial, for I GUARANTEE satisfaction or refund your money.
